Excelsior University

Transfer Credit Guidelines

Excelsior University is committed to providing access to education and providing students with the opportunity to transfer in coursework by reviewing credits from degree-granting institutions, military and job training records, and professional certifications and licenses to determine applicability and number of credits awarded. Students must meet minimum degree, program, and institutional credit requirements as appropriate, and Excelsior reserves the right to accept or deny credit from any specific institution or program.

Students will be reviewed individually, and official evaluations will be conducted at the time a student is admitted to Excelsior to identify applicability of approved sources of credit as it relates to an Excelsior degree program and its requirements. Applicability of transfer credit at Excelsior will be based upon the following:

- Transfer, application and enrollment policies in effect at the time a student is admitted.
- The program and curriculum requirements in place at the time a student is admitted.
- Coursework completed and applicability to degree requirements.
- Final grades a student receives on outside sources of credit.

Applicants are admitted to Excelsior degree and certificate programs when they meet all admission requirements for the specific program of study as outlined in the Admission and Enrollment Policy. Some degree programs have special criteria for admission which may be found in our catalog. The Transfer Credit Policy and Procedure governs the sources of credit which are considered for transfer into Excelsior University. The Credit Application Policy and Procedure dictate which eligible transfer credits can apply toward an Excelsior degree program. Both policies include limitations and restrictions for specific degree programs.

Military Credit

The primary method for considering college credit for military learning experiences is the submission of an official Joint Services Transcript (JST) listing American Council on Education (ACE) recommended credits or an Air University/Community College of the Air Force transcript.

International Credit

Students must forward their official documents to an evaluation agency recommended by Excelsior for evaluating and interpreting international credentials. Courses taken at postsecondary institutions without this status will not be considered for credit unless the credits fall under another acceptable credit source category. Students who wish to submit transcripts from post-secondary institutions outside the United States should check the publication "Transcripts Accepted Directly from Institutions Outside of the U.S. and U.S Territories" on the University's website. Transcripts from institutions on this list may be submitted directly following guidelines the Submission of Incoming Official Credit Bearing Documentation policy.

For all other institutions, students must forward their official documents to an evaluation agency recommended by Excelsior University for evaluating and interpreting international credentials. International transcripts should not be submitted directly to Excelsior in this case. Students must review the Transfer Credit Sources policy to review the degree program breakdown to identify the appropriate evaluation agency and report type for the degree program they are seeking. All evaluation agencies charge a fee for their services.

Non-Collegiate Sources of Credit

Excelsior reserves the right to evaluate and accept/deny transfer credit for non-collegiate learning experiences that have been evaluated and recommended for college credit by the National College Credit Recommendation Service (NCCRS) and the American Council on Education Learning Evaluations (ACE), and Excelsior prior learning assessment. Excelsior will maintain a list of acceptable credit in an approved NCCRS/ACE Excelsior course list and details regarding documentation and restrictions may be found by reviewing the Non-Collegiate Sources of Credit Procedure on the Excelsior website.

Rabbinical & Talmudic School Credits (AARTS)

Excelsior will consider credits in transfer from Rabbinical and Talmudic schools accredited by the Association for Advanced Rabbinical and Talmudic Schools (AARTS) on a sliding scale when a student has successfully completed between 30 and 60 semester hours of credit and the institution holds "accredited" status or held "candidate" status during the student's attendance and subsequently achieved "accredited" status. "Correspondence" status and schools in "candidate" status that never achieved "accredited" status are not acceptable. A minimum grade point average of 2.0 is required.

New York University Foreign Language Proficiency Examination Credit

Excelsior considers the credit recommendations for foreign language proficiency examinations administered by the School of Continuing Education at New York University.

International Baccalaureate Credit

Excelsior will consider credit for the International Baccalaureate (IB) certificate or an IB diploma based on scores received on the Higher Level (HL) examinations passed.

Credit for Prior Learning Assessment Presented as Transfer Credit on Official Transcripts

This procedure applies to PLA credit that appears on an official transcript from institutionally accredited schools that meet the criteria of the Institutionally Accredited Institutions of Transfer Credit Source Policy. Credit from ACE, NCCRS, Excelsior's PLA program, and military credit do not follow this procedure.

The current Start with More Credit page, Transfer Credit Sources policy, and Grade Scale, GPA, and Credit Application policy will provide additional information on sources of credit which are considered for transfer into Excelsior and procedures that must be followed.

Fee to Transfer Credit

There is no fee for the credit evaluation of transcripts, certifications, and training submitted with an admissions application and up to 30 days after admission to the university. At this time, any credit submitted for evaluation will require a student to request a Post Admission Credit Evaluation to be completed for $300 per new evaluation requested. To learn more click here.

Undergraduate Transfer Credit

Excelsior provides students with transfer pathways and may accept credit from outside sources of credit. Students must earn the equivalent of a C- or higher on outside sources of credit to be considered for applicability to an Excelsior degree program. All approved transfer credit will be transferred in as a "Pass" and will not factor in the Excelsior GPA. Excelsior requires completion of a minimum of 30 upper-level credits for all degree programs.

Graduate Transfer Credit

Previously completed graduate-level coursework (**up to 15 credits**) may be used to satisfy the requirements of the graduate degree programs if approved by faculty. It is the policy of Excelsior University, in accordance with New York State Education Department policies, to limit and in some cases prohibit the application of post-baccalaureate coursework toward an undergraduate or dual degree. It is at the purview of Excelsior to determine if post-baccalaureate credits can be considered toward an Excelsior degree.

Below please find detailed transfer guidelines by Excelsior program offerings.

Undergraduate Programs
All undergraduate students must complete a minimum number of courses with Excelsior prior to earning an undergraduate degree to include Cornerstone, Information Literacy, and Capstone.

Program of Study	Transfer Credit Guidelines
Business	For the Bachelor of Science in business, credit being transferred into the business component must have been earned within 15 years prior to admission.
Health Sciences	For the Bachelor of Science in Health Care Management, credit being transferred into the Professional Business core must have been earned within 20 years prior to admission.
Liberal Arts	Students may transfer in as many as 53 credits towards an associate degree or 113 credits towards a bachelor's degree. There is no time limit on the acceptance of transfer credit.
Nursing	Up to 25% of the general education component can be comprised of non-collegiate sources of credit. Non-collegiate sources of credit will not apply to the following: nursing/major core component, Lifespan Developmental Psychology, Sociology, Anatomy and Physiology, or Microbiology, Ethics, Psychology, Sociology, and Statistics. External nursing courses are not applicable to any Excelsior nursing program. For the AAS Nursing, AS Nursing, and LPN to BS Nursing degree programs Anatomy & Physiology and Microbiology courses must be completed within 5 years prior to admission.
Technology	Non-collegiate sources of credit will not apply to the following requirements: (1) BS Nuclear Engineering Technology (Calculus I and II, Physics I and Lab, Physics II and Lab, Chemistry and Lab, Atomic/Nuclear Physics, Thermodynamics and Lab, Nuclear Engineering Technology Component); (2) BS Electrical Engineering Technology (Calculus I and II, Differential Equations, Physics I and Lab, Physics II and Lab, Chemistry, Electrical Engineering Technology Component); (3) BS Mechanical Engineering Technology (Calculus I and II, Physics I and Lab, Physics II and Lab, Chemistry and Lab, Atomic/Nuclear Physics, Thermodynamics and Lab, Major Core and Concentration Requirements; (4) BS Information Technology (Statistics, Discrete Mathematics, Information Technology Component); (5) BS Cybersecurity (Statistics, Discrete Mathematics, Cybersecurity Component); and (6) BS Computer Science (Discrete Mathematics, Major Core and Concentration Requirements).

	For all undergraduate degrees, except the BS Cybersecurity, BS Information Technology, and BS Computer Science, transfer credit must have been earned within 10 years prior to enrollment. Undergraduate-level transfer credit for the BS Cybersecurity, BS Information Technology, and BS Computer Science must have been earned within 5 years prior to admission.
Graduate Programs	
Program of Study	**Transfer Credit Guidelines**
Business	Graduate-level transfer and Excelsior credits must have been earned within 5 years prior to admission and require a minimum grade of B-.
Health Sciences	Graduate-level transfer and Excelsior credits must have been earned within 5 years prior to admission and require a minimum grade of B-.
Nursing	No external credits will be accepted in transfer and Excelsior courses must be completed within 5 years prior to admission.
Public Service	Graduate-level transfer and Excelsior credits must have been earned within 5 years prior to admission and require a minimum grade of B-.
Technology	Graduate-level transfer and Excelsior credits must have been earned within 5 years prior to admission and require a minimum grade of B-.

Arts & Sciences

Below please find information regarding what program areas are classified as Arts & Sciences.

What are Arts & Sciences?
Humanities
Humanities subjects focus on developing knowledge and skills in critical reading, logical thought, and esthetic appreciation. Subjects may include Art, Philosophy, Music, Foreign Language, Literature, Theater, Ethics, Speech, Religion, Communication.
Social Sciences / History
Social Sciences and History subjects focus on individuals and society and the processes individuals use to order their world. Subjects may include Psychology, Economics, Sociology, Geography, Political Science, History, Anthropology.
Natural Sciences / Mathematics
Natural Sciences and Mathematics subjects focus on understanding the natural world and problem-solving processes. Subjects may include Anatomy & Physiology, College Algebra, Microbiology, Calculus, Chemistry, Genetics, Biology, Physics.

Study.com Course Equivalency

Below is a course-by-course equivalency for coursework based upon current Excelsior transfer credit guidelines and curriculum requirements. For more detailed information about current policies and procedures associated with transfer credits, please refer to the above transfer guidelines.

Partnership students admitted after December 31, 2024, will be required to complete a minimum of fifteen (15) Excelsior course credits prior to degree conferral.

All students are required to meet all university and degree policies and requirements.

Biology 201L: Anatomy & Physiology I with Lab	4 LL	Anatomy and Physiology I with lab **(ok for natural science requirement, cannot be used for Nursing degrees)**		4 LL
Biology 202L: Anatomy & Physiology II with Lab	4 LL	Anatomy and Physiology II with lab **(ok for natural science requirement, cannot be used for Nursing degrees)**		4 LL
Business 100: Intro to Business	3 LL	Business Elective		3 LL
Business 101: Principles of Management	3 LL	Principles of Management	BUS*341 Management Concepts and Applications	3 LL
Business 102: Principles of Marketing	3 LL	Meets marketing requirement for both the BSB and BPB degree and it also duplicates BUS*351 Marketing concepts and Applications	BUS*351 Marketing Concepts and Applications	3 LL
Business 103: Introductory Business Law	3 LL	Business Law	BUS*230 Business Law	3 LL

Business 104: Information Systems and Computer Applications	3 LL	Meets the computers requirement for AAB, BSB and BPB degrees. It also duplicates BUS*109 Intro to Computing		3 LL
Business 106: Human Resource Management	3 LL	does meet the HRM requirement for the BSB, BPB, BHC and MHA degrees and it also duplicates our BUS*312 Managing Human Resources course.	BUS*312 Managing Human Resources	3 LL
Business 107: Organizational Behavior	3 LL	meets the OB requirement for Business degrees and it also duplicates our BUS*311 Org Behavior course and Study.com's Business*307 Leadership and Org Behavior course.	BUS*311 Org Behavior	3 LL
Business 108: Business Ethics	3 LL	Okay to meet the current undergraduate Ethics requirement in Business degrees. When the AAB, BPB and BSB roll out under pathways, this should still work for the Business Ethics Major core or Business elective requirement for those programs. Students will still be required to take an additional interdisciplinary ethics course under pathways. However, Per Dept Chair Ben Pearson, Business*310, Business*318 and Business*108 all duplicate each other, and a student can only have 1 on file for credit.		3 LL
Business 109: Intro to Computing	3 LL	meets the computers requirement for the AAB, BSB and BPB degrees. It also duplicates Business 104: Information Systems and Computer Applications and Computer Science*103 Computer Concepts and Applications		3 LL
Business 110: Business Math		Not transferable		N/A
Business 111: Principles of Supervision	3 LL	business elective for the BPB, BSB and BSB-MHR concentration		3 LL
Business 113: Business Communication		This course will not work for current or future students in the Business degrees. This does meet the Business Communications requirement currently, and it also duplicates our BUS*222 Business Communications course. Under pathways, Business Communications will be a course required to be taken at Excelsior for the AAB and BSB degrees.		
Business 120: International Business	3 LL	meets the International Business requirement for the BSB and BPB degrees	BUS*435 International Business	3 LL
Business 121: Introduction to Entrepreneurship	3 LL	business elective for the BPB, BSB degrees and it duplicates our BUS*300 Intro to Entrepreneurship	BUS*300 Intro to Entrepreneurship	3 LL
Business 202: Introduction to E-Commerce	3 LL	general Business Elective for BSB and BPB degrees		3 LL

Business 203: Introduction to Retail Merchandising	3 LL	general Business Elective for BSB and BPB degrees		3 LL
Business 209: Mentoring & Leadership Development in the Workplace	3 UL	Free elective/applied professional credit		3 UL
Business 302: Foundations of Leadership	3 UL	Leadership Requirement		3 LL
Business 303: Management Information Systems	3 UL	Business Elective		3 UL
Business 304: Leading Organizational Change	3 UL	Business Elective		3 UL
Business 305: Leadership Communication	3 UL	Business Elective	COMM 423: Leadership and Team Building	3 UL
Business 306: Strategic Human Resources Management	3 UL	Meets the Managing Human Resources requirement for the BSB in Management of Human Resources degree (**duplicates our BUS*312 and Study.com's BUS*106)**	BUS*312 Managing Human Resources	3 UL
Business 307: Leadership & Organizational Behavior	3 UL	meets the OB requirement for Business degrees and it also **duplicates our BUS*311 Org Behavior course and Study.com's Business*107 Org Behavior course**.	BUS*311 Org Behavior	3 UL
Business 308: Globalization & International Management	3 UL	Meets the International Business requirement for the BSB and BPB degree **(Duplicates study.com's BUS*120 International Business and our BUS*435 International Business)**	BUS 435: International Business	3 UL
Business 309: Digital Marketing & Advertising	3 LL	Business Elective		3 LL
Business 310: Advanced Business Ethics	3 UL	Okay to meet the current undergraduate Ethics requirement in Business degrees. When the AAB, BPB and BSB roll out under pathways, this should still work for the Business Ethics Major core or Business elective requirement for those programs. Students will still be required to take an additional interdisciplinary ethics course under pathways. However, Per Dept Chair Ben Pearson, Business*310, Business*318, and Business*108 all duplicate each other, and a student can only have 1 on file for credit.	BUS: 323 Business Ethics	3 UL
Business 311: Project Management	3 UL	Meets the Project Management requirement for the BPB degree	IT*390 Project Management	3 UL
Business 312: Advanced Operations Management	3 UL	Business Elective	BUS 425: Operations Management	3 UL

Business 313: Organizational Communication	3 UL	Humanities (This would be a Humanities course, as it is equivalent to our COMM*350 Org Comm Theory course)	COMM*350 Org Comm Theory	3 UL
Business 314: Employment Law	3 UL	Business Elective		3 UL
Business 315: Logistics & Supply Chain Management	3 UL	Business Elective	BUS 440: Business Supply Chain Management	3 UL
Business 318: Management Ethics	3 UL	Management Ethics(Okay to meet the current undergraduate Ethics requirement in Business degrees. When the AAB, BPB and BSB roll out under pathways, this should still work for the Business Ethics Major core or Business elective requirement for those programs. Students will still be required to take an additional interdisciplinary ethics course under pathways. However, Per Dept Chair Ben Pearson, Business*310, Business*318, and Business*108 all duplicate each other, and a student can only have 1 on file for credit.)		3 LL
Business 319: Negotiations & Conflict Management	3 UL	Applied Professional/Elective		3 UL
Business 321: Small Business Management	3 UL	Business Elective		3 UL
Business 323: Organizational Theory	3 UL	Business Elective		3 UL
Business 324: Managerial Communication		This course will not work for current or future students in the Business degrees. This course does meet the Business Communications requirement for Business degrees, and it also duplicates our BUS*222 Business Communications course. It also duplicates Business*113, Business Communication, from Study. Under pathways, Business Communications will be a course required to be taken at Excelsior for the AAB and BSB degrees.		
Business 325: Union & Labor Relations	3 UL	Business Elective		3 UL
Business 327: Retail Strategy	3 UL	Applied Professional/Elective		3 UL
Chemistry 101: General Chemistry	3 LL	Natural Science	CHE 101: General Chemistry I	3 LL

Chemistry 111L: Chemistry I with Lab	4 LL	Natural Science	CHE 101 and CHE 101L	4LL
Chemistry 112L: Chemistry II with Lab	4 LL	Natural Science	CHE 102 and CHE 102L	4 LL
